Top drawer holds up to 12 ninth pans

- For fresh garnish storage at proper temperature

Model BBS36C

Oversized bottom drawer

- Holds up to 20 liters of back up juice, mixers, or tall liquor bottles with pour spouts installed

Perlick vs. Competition:

Competitor Condenser Cover:

- NSF sets a 1/4" maximum opening for finger and vermin entry - competitor condenser cover is larger than this requirement

Perlick Condenser Cover:

- **3 columns of stainless steel louvers eliminates pinch points and vermin entry potential**

Competitor Hinges:

- Top and bottom hinges extend past door exposing a trip, cut, and bump hazard in a high traffic areas behind the bar

Perlick Hinge Design:

- **Recessed hinges, ensuring no trip, bump, or cut hazards**

Competitor Top Lock Design:

- Top lock design allows for leverage to be placed on bottom of door to pry door open

Perlick Lock Design:

- **Robust tumbler style lock mounts mid door to ensure the most secure position possible**

Competitor Handles:

- Handle not fastened in bottom hole creates stress on the handle when opened, will warp over time

Perlick Handles:

- **Strongly secured handles**
- **Choose between full length 24" handle, 6" chrome, or tab handle**
