MEET THE INDUSTRY'S WIDEST SELECTION OF
OUTDOOR REFRIGERATION

With **over 125 models** to choose from, Perlick boasts the largest portfolio of undercounter refrigeration UL-rated for outdoor use. Available in 15- and 24-inch configurations, Perlick Refrigerators, Beverage Centers, Wine Reserves, Beer Dispensers, Freezers and Ice Makers are designed to take your outdoor entertaining space to the next level.

Perlick's patented **Signature Series Dual-Zone** models offer two independently-controlled temperature zones within a single 24″ footprint to make the most out of your available space. The **Signature Series Shallow Depth** collection of 18″ depth refrigeration is perfect for balcony patios that require an appliance with a shallow depth.

Learn more about what makes Perlick outdoor models special below.

A full line of **accessories** take your Perlick from day to night, including our industry exclusive **Martini Rack** – perfect for entertaining

Store fresh herbs, citrus, snacks and beverages in Perlick's industry exclusive **15" Signature Series Outdoor Refrigerator Drawers**

Perlick's Anti-Condensation System™ heats the front face of the cabinet, eliminating condensation, extending product life in high humidity environments

Perlick's exclusive Signature Series Flow Control Faucet is constructed of stainless steel and features the industry exclusive flow control lever to expertly pour your favorite craft beers.

RAPIDcool forced air-cooled dispensing towers keep beer cold from the keg to the faucet by circulating cold through and around beer lines.

The unmatched cooling power of Perlick's **RAPIDcool forced-air refrigeration** system keeps food at a safe and consistent temperature – even on hot summer days.

BATTLE THE HARSHEST CONDITIONS WITH A
MARINE MATERIALS UPGRADE

Coastal areas are the perfect place for luxury outdoor kitchens, but when presented with the extreme conditions of these environments, salt and sand can take their toll on your outdoor refrigeration equipment. You asked – we listened. Perlick is happy to announce the availability of an all-new Perlick Armor™ Marine Materials Upgrade for our Signature Series equipment, providing optimal corrosion resistance for food and beverage storage safety. Designed for life in even the most extreme coastal conditions, it allows you to enjoy the ultimate in refrigeration wherever you find paradise.

Components of Perlick Armor™

- Mix of all 316 & 304 stainless steel for optimal corrosion resistance food and beverage storage safety

- Upgraded 18-8 stainless steel and zinc plated fasteners ensure rust won't form in attachment zones

- E-coated condensers add durability to the refrigeration system in the most extreme conditions

- Available on all HP & HH Series residential models

Along with the standard Signature Series features:

- Robust 1000 BTU refrigeration system powered by Perlick's exclusive variable speed compressor provides industry-leading cooling capabilities and intuitive temperature control – meaning the system will only run when it senses a temperature rise

- Front vented, RAPIDcool™ forced air refrigeration system provides the most energy efficient cool down, up to 70% faster than leading competitors

- Illuminated by dual-color LED lighting, giving you the option of 6000K Crisp White or Cool Blue lighting with just the press of a button

- At 32" tall, the Shallow Depth collection is ADA height compliant for accessible design needs

TWO TEMPERATURES. ONE 24″ FOOTPRINT.
DUAL-ZONE REFRIGERATION

Perlick's full line of dual-zone refrigeration boasts two independently controlled temperature zones, serving double duty for the storage and service of your favorite foods and beverages within the same 24″ footprint.

Powered by Perlick's exclusive RAPIDcool forced-air refrigeration system for exceptional cooling performance and sleek, stainless steel interiors for beauty and durability, Signature Series Dual-Zone units are built with form and function in mind. Indoor and UL-approved outdoor Freezer/Refrigerator Drawer, Refrigerator/Wine Reserve, and Wine Reserve/Wine Reserve models are available.

TOP ZONE
51°F – 65°F

BOTTOM ZONE
45°F – 65°F

SIGNATURE SERIES DUAL-ZONE
WINE RESERVE/ WINE RESERVE

- Store red wine and white wine together in the same unit, both at their ideal temperatures
- Full extension wine shelves are black vinyl coated to gently cradle bottles and reduce vibration
- Top zone (red wine) holds 14 bottles, bottom zone (white wine) holds 18 bottles

24" Signature Series Dual-Zone Wine Reserve/ Wine Reserve *(model HP24DS-4-4L shown)*

SIGNATURE SERIES DUAL-ZONE

FREEZER / REFRIGERATOR DRAWERS

- Store fresh and frozen food at their appropriate temperatures in the same small footprint
- Top drawer deep enough to accommodate a gallon of milk or other similarly sized tall items
- Separate zones ensure freezer temperatures won't be transferred to the top drawer, putting foods and drinks at risk of freezing

24" Signature Series Dual-Zone Outdoor Freezer/ Refrigerator Drawers *(model HP24ZO-4-5DL shown)*

TOP ZONE
30°F – 42°F

BOTTOM ZONE
–10°F – 10°F

TOP ZONE
45°F – 65°F

BOTTOM ZONE

BEHOLD THE DELICIOUS DETAILS OF OUR

COLUMN REFRIGERATORS, FREEZERS, AND WINE RESERVES

Our 24″ and 30″ refrigerators feature Perlick's **patented QuatroCool™ cooling system**, offering four independently controlled temperature zones for deli, meat/fish, produce and beverages. Our **tip out produce bin** features proven food preservation technology that keeps greens fresher and crisper, longer. **Advanced electronic monitoring of humidity levels** adds moisture back into the compartment, while our filtration system removes the gases emitted by fruits and vegetables.

Our freezers offer a commercial-grade, stainless-steel interior, **full-extension open drawer bins,** and **vibrant LED lighting**. It incorporates our quiet, powerful, **frost-free cooling** that has made us the choice of fine commercial venues for more than 100 years. Pair with the 24″ or 30″ column refrigerator for the ultimate fresh and frozen food preservation system.

Our 24″ Column Single- and Dual Zone Wine Reserves feature **vibration-resistant soft-coat glide out shelves** and advanced humidity, air filtration and temperature control. Vibrant blue or white LED roll-on theatre lighting adjusts for display or storage, and emits no UV light to protect against oxidation and degradation. **Bronze tinted, UV resistant glass** is LowE- and argon filled, protecting from light exposure which can cause oxidation in wine and degrade it over time. **Advanced technology maintains humidity levels** to preserve corks and prevent oxidation.

Quatro*COOL*™
TECHNOLOGY

Perlick QuatroCool™ cooling system keeps food fresh for longer in 4 zones.

QUICK REFERENCE / INFO

Instead of plastic, our column refrigeration offers brushed stainless steel and glass interiors, resulting in a non-porous, easy to clean and elegant looking appliance.

PerlIQ™ touch-screen control panel disappears into the backdrop until it's awoken with a touch. Customize temperature preferences in precise, one degree increments and activate Sabbath mode with the touch of a button.

Tip out produce bin uses advanced electronic monitoring of humidity levels to add real moisture back into the compartment, while our filtration system removes gases emitted by some fruits and vegetables.

ADD TO YOUR HOME'S CHARM WITH
INTEGRATION

Homeowners often don't want appliances taking away from their home's visual appeal. Integrating your appliances offers everything from sleek design to space saving solutions. Set your appliances flush with surrounding cabinetry, highlighting Perlick's renowned brushed stainless steel finish, or choose our panel-ready overlay options to complement the aesthetic of your kitchen, family room, back yard, bathroom, or rec room.

NO TWO WINE COLLECTIONS ARE THE SAME

Wine is complex. Whether a crisp white or a robust red, all wine is perishable and requires proper conditions to protect it from spoilage. To enjoy wine at its peak, Perlick wine reserves are designed to combat the common enemies of wine; temperature, vibration, oxygen, light, and odor.

24" Signature Series Beer Dispenser (Two Faucet Model)

POUR YOUR BEER LIKE THE PROS DO WITH PERLICK'S FULL LINE OF RESIDENTIAL INDOOR AND OUTDOOR BEER DISPENSERS

For decades, Perlick has designed and manufactured refrigeration and beer dispensing systems for bars, restaurants, and stadiums around the world. Our proprietary technologies in both refrigeration and beverage dispensing allow bartenders to serve perfectly chilled beer to crowds of thousands. Now you can pour like a pro in the comfort of your own home.

SIGNATURE SERIES BEER DISPENSERS

Perlick is the brand professionals trust to dispense beer at their bars, restaurants and stadiums around the world. We've taken the same, innovative technology we've been developing since prohibition to bring you the industry's best residential beer dispensers.

Power and Control

Perlick patented dispensing technology, including the **Perlick 650SS Stainless Steel Flow Control Faucet,** works in tandem with Perlick's powerful refrigeration system to serve the perfect beer, pour after pour.

RAPIDcool Technology

All models feature **Perlick's exclusive RAPIDcool forced-air refrigeration system** for unmatched cooling capabilities and temperature control in the cabinet and up through the tower.

Unmatched Construction

Two inch thick foamed in place Insulation provides industry leading protection against outside ambient. **Stainless steel interiors** are heavy duty enough to stand up to kegs, and are sanitary for easy cleaning.

ON THE ROCKS WITH
ICE MAKERS

Your beverage is only as good as the ice that keeps it cold. Trust Perlick to produce pure ice that lets your cocktail and other beverages shine. Available in clear and cubelet ice styles in both standard and ADA height compliant heights, Perlick indoor/outdoor undercounter ice makers are a must for any well appointed entertainment space.

ACCESSORIES

QUICK REFERENCE / MODEL INFO

CLEAR ICE MAKERS

ICE SHAPE
Rounded, top hat shape

ICE TYPE
Hard, clear, slow melting ice

7/8"

1"
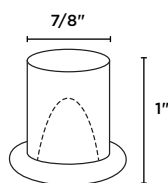

ADVANTAGES
This ice maker produces solid cubes, resulting in clear, slow melting ice that won't dilute your drink as fast as regular ice. The unique shape of each cube isn't just aesthetically pleasing, it also prevents the ice from clumping.

CUBELET ICE MAKERS

ICE SHAPE
Pellet/nugget shape

ICE TYPE
Soft, compacted ice

5/8"

1/2"

5/8"

3/8"
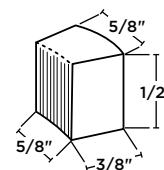

ADVANTAGES
This popular chewable ice absorbs the flavors of the beverages poured over it. It's easy to crunch and is perfect for a wide variety drinks. Cubelet ice is also great for serving specialty foods like seafood.

ACCESSORIES

QUICK REFERENCE / MODEL INFO

- 24" and 30" Column Refrigerators feature Perlick's exclusive QuatroCool™ Technology, ensuring precision temperature and humidity control in 4 different regions, offering dual chamber air filtration throughout.

- Touch screen controls are customizable to 1° increments in all our columns. Enjoy access to smart settings for a variety of fresh and frozen foods, or store your wines at their ideal temperatures. Access settings for lighting, Sabbath mode and more with a single touch.

- 24" and 30" Column Refrigerators feature frameless spill proof shelving, tiered deli drawers, tip out produce bins, and slide in stainless steel pans for marinating or storing premade appetizers and sous vide packets.

- Column Refrigerators and Freezers are brightly illuminated by white roll-on theatre lighting, while Wine Columns include the option of white and blue roll-on theatre lighting.

- Wine Columns are available in an industry exclusive single temperature model for maximum capacity or a dual zone model to store red and white wine at their recommended temperatures.

- Wine Columns feature a convertible display shelf to showcase 6 prized wine bottles with additional storage for 4 dessert (half sizes) wine bottles when angled up. The shelf easily lays flat to store 11 bottles without additional parts and pieces.

- Perlick's advanced technology monitors humidity levels in our wine reserve, and if necessary, pushes additional moisture into the compartment to maintain 60-70% relative humidity - preserving corks and preventing oxidation. Soft coat full extension shelves gently cradle each bottle and protect them from vibration.

- All columns have stainless steel interiors and exteriors for long life durability, easy cleaning, and sanitation. Manufactured ready to accept custom or stainless steel panels.
