TSC12IBW-MH

TSC12IBW

Feature-Benefits

- Keep wine, beer, champagne, juice or syrups at arm's reach without cross contamination into serviceable ice
- Quality, all stainless steel construction, smooth inner liner with no exposed joints or seams
- Keeps juice, mix, syrups, wine and beer bottles chilled and at arms reach
- Available in shallow depth with or without a manifold housing and full depth
- Model TSC12IBW-MH includes tool-less "flip-down" integrated soda manifold housing designed for use with Wunder Bar® and Schroeder America™ 8-14 product soda gun/manifolds
- Manifold mounts to inside cover for easy access and service – keeps soda lines out of customers' view
- Stainless steel legs install without tools and have "rust-free" thermoplastic feet
- Industries Best Thermo-tech keeps your ice frozen longer so your juices and mixes stay cold throughout a shift
